

GRAHAM MURRAY NEWS MAY 2015

Our New Look Dental Practice for our 30th Anniversary

It is the practices' 30th Anniversary year this year ! We first opened in Daventry Road on 1/4/1985 . There are still many patients that attend who will clearly remember that year and are still loyal to the practice to this day . This is so nice . We are still in the process of updating the Practice here at Daventry Road . Lets say we are giving it its anniversary present . We are almost finished with the alterations now .. with the latest addition being automatic opening front doors to welcome you in ! We intend to enjoy our anniversary year

Our Congratulations go to our very own John Addy who enjoyed a magnificent wedding day on 26th April at Coombe Abbey with his bride Lynsey . Our very best wishes to John and Lynsey for a long and happy future together .

WARNING RE ROADWORKS

Toll bar island's £150 million alterations are causing major delays on the A45/A46 and are set to cause problems until 2016. There are speed restrictions of 40mph and average speed cameras causing long delays most days at most times. Only last month a cyclist was killed.

There are also major works at the island at the end of the Warwick Bypass which are also causing long delays. Take great care and please allow a little extra time when visiting us.

Its holiday time .. Please remember to share those dates with us and cancel any dental appointments that may be booked .. ENJOY !!
